Types of Interaction

A wide-angle photograph of a cleanroom manufacturing facility. Numerous workers wearing white protective suits and hoods are seated at long, green-topped workstations. The workers are focused on their tasks, with some using tools or equipment. The room is brightly lit, and the floor is a light-colored, polished surface. In the background, more workers and equipment are visible, extending the length of the facility. The overall atmosphere is one of a highly controlled and organized industrial environment.
